

„Modern Barn XL”

The Modern Barn XL is a spacious one-story house created from two modules with a construction area of 35 m². Made with wood technology, it is environmentally and human friendly. Inside, there is a large space combining the functions of a living room, dining room and kitchen, a bathroom and two bedrooms. In total, this provides almost 60 m² of usable space, enlarged additionally by a terrace with a pergola.

📐 Building area - 70 m²

🏠 Usable area - 57,1 m²
